

ABOUT NPC-CETEE

National Productivity Council (NPC), an autonomous consulting and training organization under Ministry of Commerce and Industry, Government of India. NPC is providing training and consultancy services in Energy Efficiency and Energy Conservation services since 1960 to all sectors of industry. Dr. Ambedkar Institute of Productivity (AIP) is the training wing of NPC and it is engaged in training Consultants for in-house needs and Executives from Industry, Government, PSU's and Private Organizations.

The Centre of Excellence for Training in Energy Efficiency (CETEE) is a unique, world-class, hands-on training centre at AIP-NPC, Chennai established with the assistance of NEDO, Japan and BEE, India with the objective of bridging the gap between energy efficiency theory and practice.

 National Productivity Council, Chennai to save our mother earth*

Why Green Productivity (GP) ?

Indian industries – micro, small, medium or large and from any sector are facing global competition. We have to be competitive to survive. We have to achieve more outputs with less inputs in an environmental friendly way to face global competition and to keep our mother earth clean for our future generation. Innovative approach and adapting green productivity is one of the ways to achieve the target.

Why GP Club ?

Knowledge is wealth; even small information will address major issues and create worthwhile benefits. To disseminate information on green productivity technology and to facilitate the industry towards green productivity. AIP- NPC happy to launch Green Productivity(GP) Club with the following objectives

- ❖ To create awareness on the importance of Green productivity and to facilitates industries towards green productivity for sustainable development and for clean India.
- ❖ To motivate enterprises to strive through sustained efforts to enhance Green productivity
- ❖ To identify and reward Green Productivity Champion from each industry
- ❖ To showcase and share success stories from organisations on Green productivity initiatives for others to emulate
